The unique grinding and sharpening tool for the craftsmen

Grind and sharpen all damaged blades
Ideal for use in the garden, on the farm and in the workshop

SWISS **ISTOR** **SHARPENER**[®]

For sharp blades worldwide

istor Diamond Grinder

Eliminates nicks on all damaged blades!

The grinder is made of a diamond-coated hardened steel

The top advantages

- Easy and safe to use
- Exceptional wear resistance
- Excellent hardness

Instructions

With the flat side of the diamond grinder grind the blade with a rotating movement at an angle of 20-30° (like a sharpening stone)

istor Professional Sharpener

Sharpens any kind of blades in seconds!

The insert is a special hardmetal mixture which makes it as hard as diamond

The top advantages

- Easy and safe to use
- Exceptional wear resistance
- Excellent hardness

Instructions

Pull the concave sharpening edge gently along the blade edge at an angle of 30-50°.

Work only with one side of the sharpener

Scissors, Secateurs and Pruning shears only sharpen the bevelled side
